

2023 GLOBAL CLEANUP CAMPAIGN PLASTIC POLLUTION DATA FORM

Thank you for your participation in the 2023 Global Cleanup Campaign and your commitment to helping improve ocean health globally! To measure the total amount of waste cleaned during this campaign, we will have individuals document in detail the many types of trash collected, quantities, and record the different brands identified to put pressure on corporations to take responsibility. Please collect forms from all volunteers and enter grand totals from the clean-up below.
